CAREER PROFILE

Senior Frontend React Developer with extensive experience in web development. Specialized in building modern web applications using React ecosystem, WebXR/AR experiences, and cross-platform mobile solutions with Flutter.

Successfully delivered 50+ projects of varying complexity from architecture design to production deployment. Expert in React, Next.js, TypeScript, Redux state management, and WebXR technologies including Three.js, A-Frame, React Three Fiber, and 8th Wall.

Experienced in leading development teams, conducting code reviews, implementing CI/CD pipelines, and ensuring high-quality deliverables for international clients. Strong focus on performance optimization, modern development practices, and creating innovative web experiences.

Actively integrate AI-assisted development into my workflow: agentic coding environments (Claude Code, Cursor, Windsurf), custom agent and skill development, and AI-driven project architecture design — significantly accelerating delivery without compromising code quality.

Currently seeking opportunities as a Senior Frontend React Developer to build cutting-edge web applications, implement WebXR solutions, and contribute to technical architecture decisions.

You can download this is Resume/CV.

EXPERIENCES

Senior Frontend React Developer

2022 — 2026

"Colibrity Agency" France, Paris

Led frontend development using React, Next.js, and TypeScript for international clients. Implemented WebXR applications using A-Frame and 8th Wall for immersive AR experiences. Developed cross-platform mobile applications with Flutter. Managed team of 5+ developers, designed application architecture, conducted code reviews, and ensured high-quality deliverables through CI/CD pipelines. Built and maintained an agentic AI development environment (Claude Code, Cursor, Windsurf): custom agents, reusable skills, and AI-assisted project architecture — boosting team productivity and code consistency.

Frontend Developer

2011 — 2022

"Golden Minds", Tashkent

Developed 40+ web applications and websites of varying complexity using React.js and other modern technologies. Built SPA applications with Redux state management, RESTful API integration, and implemented headless CMS solutions using WordPress as a backend for React applications. Also worked with traditional CMS platforms like WordPress and Joomla for corporate clients. Implemented responsive interfaces using modern CSS frameworks. Worked with GraphQL, WebSockets for real-time data, and optimized application performance through code splitting and lazy loading.

Early Career in IT

1996 - 2010

Various Companies

Started career in IT with network infrastructure projects, website development, and technical project management. Gradually transitioned from infrastructure to web development, gaining experience with HTML, CSS, JavaScript, and early web frameworks.

SKILLS & PROFICIENCY

React Ecosystem

React.js · Next.js · TypeScript · Redux · Redux Toolkit · TanStack Query · React Router · Styled Components · CSS Modules

AI-Assisted Development

Claude Code · Cursor · Windsurf · AI Agents · MCP · Prompt Engineering

WebXR & 3D Technologies

Three.js · A-Frame · React Three Fiber · 8th Wall · WebXR API

Mobile Development

Flutter · Dart · Flutter Packages · Material Design · Platform Channels · GetX

Backend & API

Node.js · Express.js · GraphQL · Apollo · Axios · WebSockets

Tools & DevOps

Git · GitHub · GitLab · Vite · Webpack · Docker · CI/CD

Databases & Cloud

Firebase · MongoDB · PostgreSQL · Vercel · Netlify · Supabase

CMS & Platforms

WordPress · Headless WordPress · Joomla · Strapi

CERTIFICATES

List of certificates

Udacity

1.) Certificate Nanodegree Program - Frontend Web Developer.

2.) Certificate Nanodegree Program - Android Development Track.

3.) Certificate Nanodegree Program - Frontend Development Track.

4.) Certificate Nanodegree Program - Full Stack Development Track.

GeekBrains

1.) Certificate - Design the user interface . UI/UX.

2.) Certificate - Website development on your own-intensive Web Development Training. Creating a personal website.

3.) Certificate - Intensive Introduction to Programming. Online course.

4.) Certificate - Fundamentals of database.

Udemy

1.) Certificate - React Three Fiber.

2.) Certificate - Blender 2023. Complete Beginner's Course in 3D Modeling.

3.) Certificate - Testing JavaScript and React Applications.

4.) Certificate - Learn to create WebXR, VR and AR experiences using Three.js .
